DR ALFRED CHUNG

PSYCHIATRIST

Dr Alfred Chung completed his Medical Degree from the University of Witwatersrand, Johannesburg, South Africa. He completed further training, attaining a Certificate in Child and Adolescent Psychiatry. Dr Chung became a Fellow of the Royal Australian and New Zealand College of Psychiatrist. He continues to achieve many benchmarks in the field of psychiatry.

Dr Chung is currently involved in Private Practice in Brisbane. He also holds the position of Clinical Attendance for New Farm Clinic and Belmont Private Hospital. Additionally, he is a Supervisor for the New Farm Clinic Adolescent DBT Program. Dr Chung is a Member of the New Farm Clinic Medical Advisory Committee and the QCOMP Medical Assessment Tribunal. He has previously been a member of various other organisations including the Queensland Registrar Training Program and the Child and Youth Mental Health Clinical Administration group.

Dr Chung is accredited with formal training qualifications in assessment criteria as defined by the Psychiatric Impairment Rating Scale. With an upstanding reputation maintained over a marked period of time, he has produced independent medico-legal reports for legal, insurance, government, superannuation and workers compensation sectors. He has a particular interest in Anxiety Disorders and Mood Disorders, including Depressive and Bipolar Disorders. His assessment specialties include, but are not limited to, eating disorders, ADHD (in both adults and children), cognitive impairment and posttraumatic stress disorder.
